I, Richard Selon, former Regional Human Resource Director at Circuit City Stores, object to my claim not being entitled to administrative priority. This is in reference to Claim Number 13321 and Unrecovered Claim Number 5190.

I was awarded a special cash retention award on 2008, as previously submitted copies have been provided to you. I remained faithfully employed until 5+09, well past the vesting date of January 1, 2009 (vesting date) to earn 50% of my \$40,000 award.

Again, I remained employed past the January 1, 2009 vesting date. Additionally, the award document states that it is not contingent on corporate or individual performance. I am entitled to the entire \$40,000.00 based on change of control language, but at the very minimum I am seeking the \$20,000.00 I am entitled to by remaining employed past January 1, 2009.

Circuit City Stores, Inc, inspired me to return my employment to get thru thru challenging periods beginning in 2007. I stayed thru 2008, and was a faithful member of the wind-down team thru early May of 2009. I'm not seeking a million dollars, just the \$20,000.00 I'm entitled to.

Again, my claim should be processed in full, based on dedicated service to the organization. If you have any questions, please contact me.
